Ophthalmic Imaging: from Theory to Current Practice

Organization: Michel Puech

Preliminary-Program

10th
Anniversary

Friday 4th October 2019

10TH ANNIVERSARY:

Thanks to all of you, this congress is now a reference in Ophthalmic Imaging.

In these past 10 years, imaging has become an essential part of our current practice with many evolutions.

We have to take up this challenge of continuous adaptation:

Let's meet during this very special day:

- **To Increase** our team level
- **To Compare** devices with wetlabs
- **To Anticipate** futur developments with International Speakers
- **To Share** our experiences in a companionship ambiance.

PROGRAM:

- **Theoretical Sessions:** current practice and evolution
- **Wetlabs with devices:** OCT, OCT-A, Ultrasound Imaging, UBM, Biometry...
- **Free Papers and Posters** (special registration fee)
- **Plenary session** «Ophthalmic Imaging today and tomorrow»
- **Sponsored symposia:** focused items
- **Technological Presentations:** new developments.

Let's progress by sharing our experiences !

Michel PUECH
