

## Free Paper & Poster Award's Rules

### « Ophthalmic Imaging: from Theory to Current Practice » Congress

New CAP Event Center Paris - October 13<sup>th</sup>, 2023

VuExplorer Institute is organizing 2 special awards for the best Free Paper and Poster presented on October 13<sup>th</sup>, 2023 during the Ophthalmic Imaging congress.

#### 1. Condition of participation:

Any attendee who will attend the Congress, can submit an abstract to VuExplorer Institute. Free Paper / Poster Authors will get a special price to register.

#### 2. Abstracts' Topic:

Proposals for abstract will be selected on the imaging criteria, on all topics of the congress.

#### 3. Presentation and formatting:

All abstracts have to be sent to VuExplorer Institute with a summary in English which will not exceed 200 words to [contact@vuexplorer.com](mailto:contact@vuexplorer.com) before **July 15<sup>th</sup>, 2023**; with the following information:

- the presentation title
- the author first name, last name, city and country
- the type of presentation:
  1. Poster only - 2. Poster or Oral Presentation - 3. Oral Presentation only

##### - Poster in English

The printing format is: portrait A0 size = 84.1cm wide on 118.9cm height.

The poster will be given at the reception desk on your arrival at the congress. It will then be displayed on specific panels.

##### - Free Paper in English

Widescreen (16:9) power point presentation. Duration of 3 to 4 minutes maximum.

The presentation must be delivered in the Preview room on your arrival at the congress (plan your arrival early if your presentation will start at the beginning of the session).

The Free Papers Programme will be established beginning of August 2023.

#### 4. Selection and presentation:

The abstract selection will be made by VuExplorer Institute on many criteria: didactic interest, originality, scientific progress or aesthetic.

#### 5. Best Presentation Award:

This prize for the best presentation will reward the most didactic or most relevant clinical case which will be chaired by the Award committee.

For the 2023 edition of the Congress, there will be 2 awards: one award for Ophthalmologist and 1 for Technicians (Orthoptist, Nurse, Ophthalmic photographer...).
